2021
INDIA TOP SOLUTION PROVIDER

Location: USA

Client's expectation was to streamline the complex scenarios of productions with help of the MRP and MPS
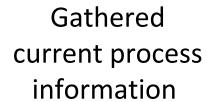

Complex Scenarios

- Demand & Planning
- Production Schedules
- Inventory Management
- Production Deadlines
- Data Accuracy
- Order Automation

inoday followed agile methodology to complete the implementation

Gathered current process information

Prepared GAPs Document

Configured the Setup based on the GAP document

Completed the implementation based on FRD

inoday ™
Efficiency Exceeding Your Expectations

Inventory Estimation & Tracking : NetSuite MRP Helped to Streamline the Day-To-Day Operations

- Planning Workbench
- Safety Stock & Lead Time
- Seasonal Forecast
- Expected Demand Change

Challenges & Solutions

Inventory Planning:
Planning Workbench facilitates the requirement of materials in given lead time

Safety Stock:
The NetSuite's MRP process Tracks the safety stock status and provides dashboard report for Quick analysis

Seasonal Forecast:
The NetSuite's MRP process facilitates seasonal demand forecasting with lead time to reserve the stock

Quick View:
The ERP system enabled dashboard-based reporting, allowing for faster and more efficient analysis

inoday™
Efficiency Exceeding Your Expectations

Challenges & Solutions
